RED EMPEROR

LARGEST OF ALL TULIPS

20 LARGE BULBS \$1.89
Postpaid

5205. Superior quality bulbs — imported direct from Holland. Red Emperor is the earliest and largest of all Tulips! Unequalled in size and brilliance of color. Magnificent flowers of blazing vermilion-scarlet with yellow base. When half opened, the bloom shows a beautiful deep black butterfly-heart. So big, so beautiful, you'll hardly believe your eyes! Truly sensational in group plantings. 5 for 79c; 10 for \$1.35; 25 for \$2.35; 50 for \$4.45, postpaid.

HARDY PHLOX

These perennial Phlox grow to a height of 12 to 24 inches the first season and bloom for many weeks. The colorful, showy flower heads grow 5 to 8 inches long, with thickly clustered flowers. These are the newest and finest varieties, outstanding for their vigorous growth, clear colors and free flowering habit.

ADONIS. 2150. Bright badge red. Large florets; strong stems. Color is one of the best reds.

AMERICAN BEAUTY. 2151. Large florets of American-Beauty pink. Well-filled heads; sturdy stems.

BOULEVARDIER. 2152. New. Lovely soft pink shade — sure to please! Vigorous, 3-ft. plant.

CHIEFTAIN. 2154. Very deep crimson. Flowers are non-fading, long lasting. Indispensable for showy display.

ELIZABETH ARDEN. 2157. Soft pink flowers with pale pink ring around the red eye. Tall grower.

FUCHSIA. 2156. Superb shade of deep reddish-purple. Extra large florets. Excellent plant.

FAIRY'S PETTICOAT. 2158. New and unusual blue. Extremely large florets and trusses.

POLKADOTTE. 2164. Florets are pure white with brilliant red eye. Different and very pleasing.

WHITE ADMIRAL. 2166. Beautiful large florets as white as snow. Fragrant. Blooms profusely.

WINDSOR. 2167. New. Deep salmon pink with darker eye. Large, open heads carried on strong stems.

Postpaid Prices: 2-Yr. Field-Grown Plants

Gifts for Early Orders!

ORDERING EARLY PAYS YOU HANDSOME DIVIDENDS

With your order from this 1961 Fall catalog, received by us not later than November 1, you may select premiums as follows:

With each order of \$5.00, you may select one of the 5 premiums listed below.

With each order of \$10.00, you may select two of the 5 premiums listed below.

With each additional \$5.00, you may select one premium.

IMPORTANT. Premiums allowed only on orders with full remittance enclosed. No premiums allowed on C.O.D. orders. The premiums you select must be written on the order, or none will be sent; even if you notify us later. If we run short of some items, we reserve the privilege of changing premiums — sending you stock of equal or greater value.

No. 3 — 2 Iris, Our Selection.....	Value 1.20
No. 4 — 10 Rainbow Tulips.....	Value 1.00
No. 5 — 6 Red Emperor Tulips.....	Value 1.00

WHY *Fall Planting* IS IDEAL

- It is agreed by experts that fall is an ideal time to plant nearly all varieties of trees, shrubs, and plants. The early fall rains give them a flying start.
- Many shrubs and plants planted in the fall will bloom exceptionally well in the spring, whereas, spring planting may not be favorable to an early bloom.
- The condition of the soil is usually very excellent for successful transplanting in the fall. A wet spring or a dry spring might make it impossible for you to plant.

WE RETURN ALL PAPERS. All papers pertaining to your orders will be returned to you when the order is acknowledged. Do not destroy them. If it becomes necessary to write us **AT ANY TIME** in regard to your order, be sure to return everything, including correspondence, original order and shipping tags. It is not necessary to return planting instructions.

WE PAY POSTAGE ON MOST ITEMS

You will please note that most items listed in our Fall Catalog are delivered to you postpaid, and are so listed. This saves you money.

There are, however, some items that are too large to ship by parcel post, such as fruit trees and shade trees. There are items such as hedge plants and some varieties and quantities of berry plants that are listed at such a low price for the high quality of stock that we cannot afford to pay the shipping charges. These items are shipped to you transportation charges collect.

In some orders there are trees which must go by express, and also some stock which would ordinarily go by prepaid parcel post. In order to avoid making two separate shipments we send the entire order by express. For this privilege we include extra stock which has a greater value than the amount of the extra transportation charges. When selecting this extra stock for you we choose items that fit in with the other items on your order.

ORDER BY MAIL

Mail order buying of nursery stock is the **best way**, because plants are handled by experts and they do not lie around under the questionable care of incompetent persons. We will ship at the proper planting time. **Strawberries cannot be shipped until Oct. 10.**

OUR GUARANTEE

We guarantee high quality stock, exactly as represented; State inspected, true to name. Safe arrival in a healthy, live growing condition is guaranteed.

REPLACEMENTS — We guarantee our plants to grow, if given intelligent handling, proper planting and reasonable care. Weather conditions, carelessness, and lack of experience by the planter, are conditions beyond our control. Regardless of this, **EMLONG'S** will replace any plants that fail to grow, at half the original purchase price, if notice of failure to grow is made by May first the following Spring.

1. Our nursery stock is all state inspected by experts.
2. Our nursery stock is free from disease.
3. Our nursery stock is backed up by 60 years of growing experience.
4. The quality of our nursery stock is excellent, because it is grown by experienced propagators and skilled help.
5. Our nursery stock is guaranteed to give satisfaction.

Giant DAFFODILS

GIANT KING ALFRED. 5353. A king among the fine varieties. Rich, lustrous golden yellow throughout. Extremely large and vigorous growing. Broad perianth often measures 4 inches across and elegantly frilled trumpet a full 2 inches. Excellent lasting qualities both outdoors or when cut. One of the earliest to bloom. Most popular variety for forcing.

CHEERFULNESS. 5351. A beautiful Gardenia-type Narcissus; each bloom has 40 to 50 milk-white petals. Vigorous growing; well-formed flowers, very fragrant.

GERANIUM. 5352. A variety well worth growing. The pure white perianth is round and flat, more than 2½ inches across. The cup is brilliant orange-scarlet.

PRICES ON ABOVE VARIETIES:

	6	12	25
Postpaid	\$1.25	\$1.95	\$3.45

MOUNT HOOD. 5354. A magnificent pure white Daffodil. The trumpet is well proportioned and of purest white; flower is of good substance. Without doubt the best White Daffodil.

PINK TRUMPET DAFFODIL, Mrs. R. O. Backhouse. 5355. This delicately beautiful Daffodil is undoubtedly the best known of the few "Pink Daffodils." Its informal ivory-white perianth and beautifully proportioned, deeply fringed trumpet of apricot-pink makes it an exceptional beauty. Early blooming and long lasting.

Prices on Above Varieties:

LAVANDULA (Sweet Lavender)

2096. This is the well-loved, true Sweet Lavender which has been grown for generations in gardens everywhere. The delightfully fragrant, blue flowers are highly prized for drying and use in nosegays and sachets. A hardy herb of shrub-like form, growing about 18 inches tall. Blooms profusely in July and August. The flowers are carried on erect spikes above the narrow, gray-green leaves. Not only the flowers,

but the entire plant is aromatic, sending its exquisite fragrance throughout the garden. Makes a delightful border plant along a walk or driveway and can be used with good effect among other perennials. Prefers a dry, medium soil and a protected location. If your garden does not have a planting of Sweet Lavender, we urge you to try a few plants this fall. **Each 70c; 3 for \$1.95, postpaid.**

First Spring
Color in
your Garden

20 Mixed Bulbs
for only **\$1.00**
Postpaid

40
Mixed Bulbs
for only **\$1.88**
Postpaid

5203. The prettiest and most popular early Spring flowers. Five dainty and attractive colors. All jumbo size bulbs that will bloom early in the Spring, with several blooms to the bulb. These are the giant-flowering bulbs, imported direct from Holland. You will find they are much more satisfactory than the smaller bulbs which produce only one flower.

Crocus can be planted any place in the garden, in beds and borders. They are unequalled for naturalizing in lawns, along wooded paths and in rock gardens. They should always be planted in masses for most effective display. A quantity of these bulbs scattered over the lawn in fall will bring a kaleidoscope of color to the early spring landscape, as the last traces of snow disappear.

Crocus are among the easiest of all flowers to grow, and thrive with little or no care at all. They multiply with amazing rapidity and come back year after year with an ever-increasing richness of flowers. **We offer mixed colors only. 25 Bulbs for \$1.20; 50 Bulbs for \$2.25; 100 Bulbs for \$4.25, postpaid.**

These are the famous De Graff Hybrids, superior to the older varieties. Dutch Iris bloom right after Tulips and are a welcome addition to any garden. The large, orchid-like flowers are borne on 18 to 24-inch stems and have a grace and beauty that endear them to all flower lovers. Plant in early fall, 5 inches deep and 8 to 9 inches apart.

You will find the brilliant coloring of Dutch Iris equally effective in garden and in bouquets. When cut, the flowers have wonderful keeping qualities.

Here is another easy-to-grow flower that gives so much in return for so little care. Don't fail to include it in your bulb plantings this fall. Your choice of varieties:

5251. Blue Horizon	5252. Golden Harvest
5253. Lilac Queen	5256. Wedgwood
5254. White Superior

HARDY ASTERS

FALL BLOOMING

Hardy Asters are considered by many to be the loveliest of the autumn-flowering perennials. Their wide range of colors and prolific blooming habit make them invaluable for borders and cut flowers. They range in height from 2 to 4 feet; are easily grown in any good soil, and once planted, they last for years. Plant in full sun for best results.

HARRINGTONS. 2002. Large flowers of a lovely pastel-pink shade, borne on upright plants. Blooms profusely.

THE BISHOP. 2004. One of the finest blue Asters. Plants make an upright rounded, compact growth. Outstanding.

WINSTON CHURCHILL. 2006. The color is a warm, rich ruby-red. Produces a spectacular display.

75c each; 3 for \$1.95, postpaid.

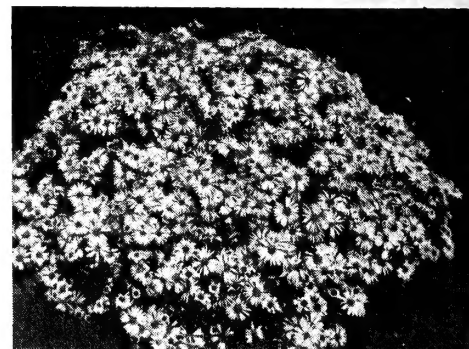

DWARF ASTERS

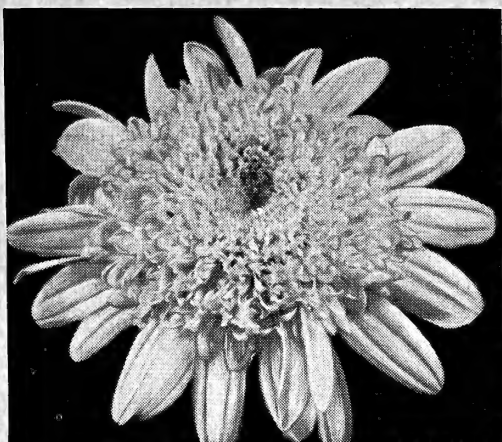

Perfect in foreground of perennial border, in rock garden and for edging. Extremely dwarf; grow less than 10 inches tall, in fall, they are completely covered with blossoms. The compact plants are sturdy and vigorous, long-blooming and floriferous. Very ornamental even before blooming and long afterward.

2008. Blue 2010. Pink 2012. Red
60c each; 3 for \$1.69, postpaid.

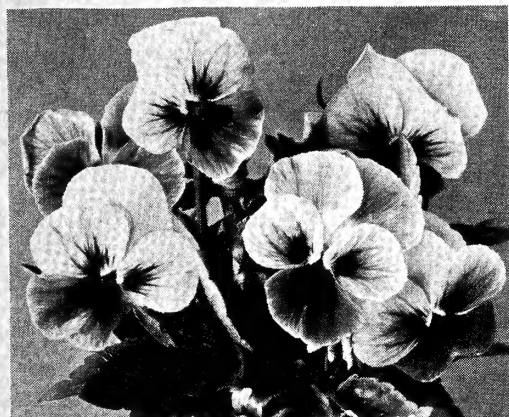

Hardy Asters

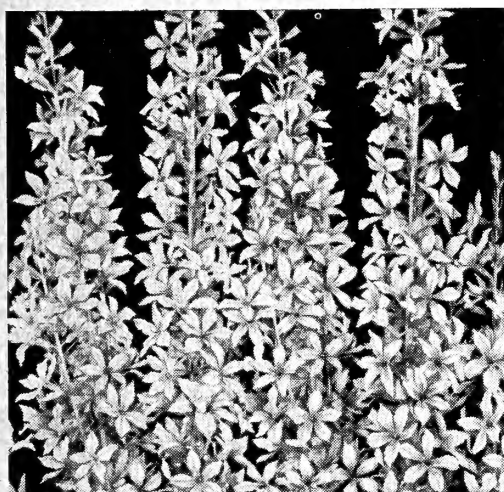

Double Mt. Shasta Daisy

Violas

Lythrum

Coralbells

BEAUTIFUL HARDY *Perennials*

DOUBLE MT. SHASTA DAISY

2034. Beautiful, new double-flowering Daisy that will add distinction to your garden. Large pure white blooms with high tufted center and petals fringed at edges. Tall growing with tough, wiry stems, perfect for cutting. Popular and widely planted for its six-weeks blooming season in mid-summer. Plant this fall for an abundance of beautiful blooms next summer. **70c each; 3 for \$1.95; 5 for \$2.95, postpaid.**

FOXGLOVE — Shirley Hybrid

2046. Beautiful "wedding-bell" flowers in a wide range of solid and two-tone colors with dotted throats. Flower heads are 2 to 3 feet long with large bell-shaped florets. **55c each; 3 for \$1.60, postpaid.**

VIOLAS

2084. Often called "Hardy Pansies." The plants grow 6 to 8 inches tall, will thrive anywhere. Blooms from early spring until frost. Assorted colors; range from deep blue to maroon. Perfect for borders. **55c each; 3 for \$1.60, postpaid.**

LYTHRUM (Morden's Pink)

2066. Excellent summer flowering perennial. The plant grows 3 feet tall with flower spikes 12 to 18 inches long. Each plant bears dozens of spikes covered with bright pink flowers, held proudly above the dense foliage. Blooms through late summer. Fine for shaded areas and around pools. Does well in dry weather but comes into perfection in a moist location. Very hardy. **70c each; 3 for \$1.95; 5 for \$2.95, postpaid.**

DOUBLE HOLLYHOCKS

2291. New hybrid strain of an old garden favorite. The plants bloom profusely from July to September. Produce extra-large, fully double flowers in a wide range of assorted colors. Grows 5 feet tall. One of the best background plants, and for color against walls, along fences, and for screening. **55c each; 3 for \$1.60; 5 for \$2.50, postpaid.**

CORALBELLS (Heuchera)

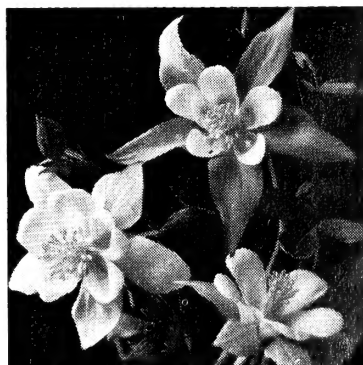

2047. Dainty, coral-pink bell-shaped flowers, produced on wiry stems 2 feet tall. The plant forms a mound of geranium-like leaves close to the ground, from which the stems arise carrying the blossoms in graceful panicles. An ideal cut flower and border plant. Blooms from May until September. **70c each; 3 for \$1.95; 5 for \$2.95, postpaid.**

BLUEBIRD VERONICA

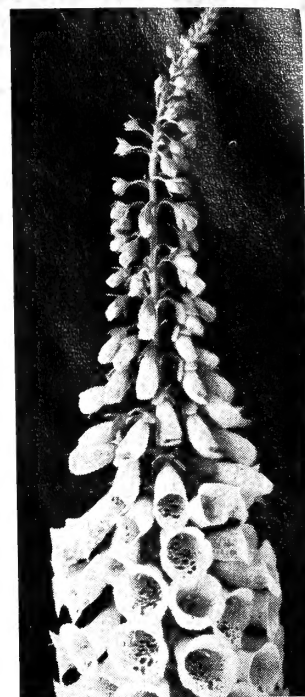

2082. The heavy flower spikes are completely studded with intense, lustrous deep blue blossoms. Blooms freely, providing a fine display from midsummer through fall. The sturdy, 12 to 18 inch flower spikes are fine for cutting. **70c each; 3 for \$1.95; 5 for \$2.95, postpaid.**

COLUMBINES

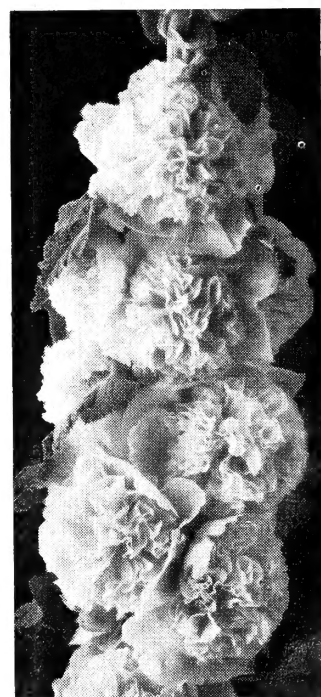

2033. Mrs. Scott Elliott's Hybrids. Produce magnificent large flowers with unusually long spurs. Colors include all shades of lavender, purple, red, white, yellow, blue and pink. Blend gracefully with other plants in the garden. Excellent for cutting. Bloom profusely in early summer. **55c each; 3 for \$1.60; 5 for \$2.50, postpaid.**

HARDY NORTHERN GROWN

Pacific Hybrid DELPHINIUM

The elegance and beauty of this marvelous new strain of Hybrid Delphinium almost defies description. Great stalks, 3 to 5 feet tall, bear enormous flower spikes heavily laden with individual flowers. Each flower is exceptionally large, 2 to 3 in. across, and perfectly formed. The blooms are single, semi-double and double. The colors are exquisite. Plant in groups of four for best effect.

BLACK KNIGHT. 2122. Deep violet with luminous velvety texture and black bee. Tall, graceful.

GALAHAD. 2124. Giant pure white glistening flowers with white bee. Huge three-inch blooms.

GUINIVERE. 2129. A clear, pink-lavender self with white bee. Very large flowers.

SUMMER SKIES. 2128. The blue of a summer sky, with white bees. A color long sought in Hybrid Delphinium.

CANDYTUFT. 2032. A neat, ever-green, compact and low-growing plant with immense pure white flowers which cover the plant entirely in the spring. Its dwarf habit and shrubby growth make it an A No. 1 edging plant for flower beds and along walks. **55c each; 3 for \$1.60, Postpaid.**

FEVERFEW. 2042. An attractive, low growing plant. It has finely divided leaves and small, double white flowers on stems 12 to 18 inches in height. Bears a profusion of bloom throughout the summer. Grows freely in ordinary well-drained soil. Plant one foot apart. **55c each; 3 for \$1.60, Postpaid.**

ASCLEPIAS. (Orange Butterfly Plant.) 2068. Three to four-inch flat clusters of the brightest orange flowers you ever saw. Blooms from July until fall; highly scented flowers. Dwarf in growing habit; 12 in. tall. Very hardy; easy to grow. Bloom profusely year after year. **55c each; 3 for \$1.60, Postpaid.**

PAINTED DAISY. 2086. Showy flowers of all shades of color except blue and yellow are produced freely on long stems throughout the spring. They grow in neat, compact tufts, and have elegant, finely cut foliage, which adds to the attractiveness of the plant. **55c each; 3 for \$1.60, Postpaid.**

PRIMULA. 2072. (Hardy Primrose) Most colorful of the early spring flowering plants, succeeding best in dampness and shade. Flowers in May, about 8 inches tall. Individual flowers are as large as a half dollar. Comes in a large array of colors. **70c each; 3 for \$1.95, Postpaid.**

Black Magic IRIS

2528. An interesting and unusual color for your Iris planting. The color is the richest and darkest to be found in Iris; a bluish-black. Very large, well formed blooms on tall, erect stems.

Blooms not only in spring, but also during September and October. For fall planting—order early. **70c each; 3 for \$1.95, postpaid.**

SCABIOSA. 2078. Large, showy, blue flowers. Blooms are produced very freely from June until September. Plants grow 18 to 24 inches in height. Excellent for cutting. Plant in groups of three or more. Very showy in the perennial border. **55c each; 3 for \$1.60, Postpaid.**

Parrot TULIPS

These distinctive Tulips are entirely different than all others due to their attractive fringed and waved flowers. They bloom with other tall growing varieties. Priced low so you can include them with your other Tulips.

FIREBIRD. 5103. Gorgeous new Parrot, of penetrating red with center of ruffled petals marked green on the outside.

BLACK PARROT. 5101. Entirely new color in Parrot Tulips — deep velvety maroon, almost black. Unique and exciting.

BLUE PARROT. 5102. Gorgeous flower of bright violet shading to steel-blue. Very large with strong stem.

FANTASY. 5104. Beautiful salmon-pink. Sport of Clara Butt. Lacinated petals and delicate color create a flower of rare beauty.

TEXAS GOLD. 5107. A novelty of great value. Glossy yellow blooms streaked with red; petals heavily lacinated. Very large.

ORANGE FAVORITE. 5106. Scarlet with green featherings; scented.
3 for 60c; 6 for \$1.00; 10 for \$1.50; 25 for \$3.25, postpaid.

HYACINTHS

Imported **FROM HOLLAND**

Superior Bulbs for Garden and Indoor Culture

Hyacinths give so much lasting satisfaction for the little time and attention you need give them, we strongly recommend their greater use in the garden. They are ideal for formal beds of solid colors, but may be used anywhere with success. Plant them informally among other bulbs — in masses or clumps in the perennial garden — for edging walks and drives. Use them for early spring color in foreground of the shrub border. In a picture window planter they'll bring delightful spring beauty right into your living room. In entranceway planters they give cheery welcome to callers. Plant some too, for indoor culture during winter months. They are so easy to grow.

BISMARCK. 5451. Lovely sky-blue. Gigantic trusses filled with fine bells; uniform color throughout.

CITY OF HAARLEM. 5453. One of the best yellows. Large, compact trusses of pale yellow bells.

CARNEGIE. 5454. The finest pure white. Large, well filled trusses. Be sure to plant some of these this year.

KING OF BLUES. 5452. Dark violet-blue. Splendid large trusses carried on stiff stems.

LA VICTORY. 5457. Glistening deep red. Extra large bells form large, compact trusses.

PINK PEARL. 5456. Great rose-pink. Large trusses of good substance and uniform color throughout.

Hybrid Cattleya Orchid

Now You Can Grow Your Own Orchids

HYBRID CATTLEYA ORCHID PLANTS

2863. Think of it! Now you can grow the most glamorous of all flowers right in your own home! Contrary to popular belief, ORCHIDS ARE EASY TO GROW. They do not require a tropical climate, greenhouse, or a special room. They are not delicate, fussy plants that need coddling. Simply give them thoughtful care (according to the instructions) and they will flourish with outstanding vigor and produce huge, full, circular blossoms with gigantic fringed lips — just like those seen in flower shops.

It's Thrilling to Grow Your Own Orchids!

Emlong's are offering BLOOMING-SIZE Hybrid Cattleya Orchid Plants. These are strong front divisions of mature plants. The blooms vary as to color, but generally are lavender, or white with purple lip. We supply large plants, ready for 4-inch pots. Complete growing instructions and Osmunda potting medium are included. Growing Orchids can be a fascinating and rewarding hobby! Order your plants today — supply is limited.

\$3.95 Each 2 for \$7.75 Postpaid

OSMUNDA FIBER — 1 Pkg. (enough to fill a 4" pot) \$1.25 ppd.

GARDENIA VEITCHI

2070. (Cape Jasmine) Enjoy this exquisite flower indoors or out; on terrace or in sun-room, it brings a touch of exotic beauty to any setting. The flowers are creamy-white, large and of a waxy texture; surrounded by luxuriant, rich dark green foliage; richly perfumed. Excellent for corsages. 3 in., pot plants, **\$1.25 each; 2 for \$2.40, postpaid.**

TROPICAL PLANTS

BIRD-OF-PARADISE

2880. (*Strelitzia reginae*) Tropical beauty for your indoor garden! Only the famed plumage of the jungle bird for which it is named, can equal the gorgeous reds, blues, yellows and vivid orange. Grows about 3 ft. tall and carries as many as 25 to 30 flowers at a time. Can be set outdoors in summer. **\$2.50 each; 2 for \$4.50; 4 for \$8.50, postpaid.**

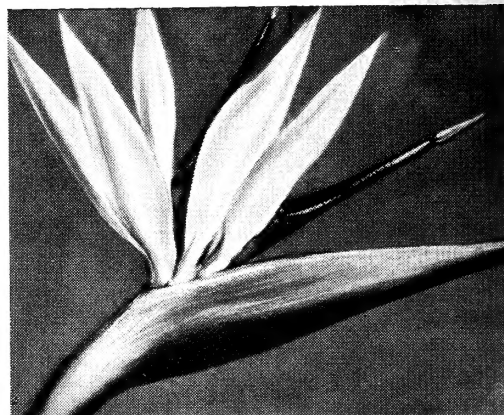

DWARF LEMON

2872. Sometimes offered as Ponderosa Lemon. The most unusual plant ever offered for indoor culture. During the blooming season, several times a year, the plants are covered with fragrant, waxy-white flowers, followed by large lemons of excellent quality. 2 1/4 in. Pot Plants, **\$1.25 each; 2 for \$2.40, postpaid.**

DWARF ORANGE

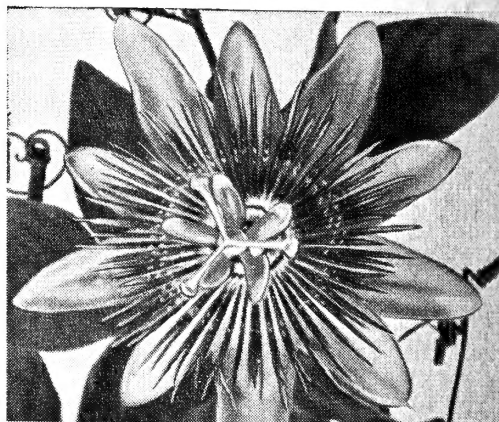

2874. Colorful, evergreen plant; easily grown in a sunny window or outdoors in summer. Bears loads of miniature oranges which are well colored up by late October. Makes a compact, bushy plant with fragrant blossoms and lush foliage. 2 1/4 in. Pot Plants **\$1.25 each; 2 for \$2.40, postpaid.**

Bird-of-Paradise

PASSION FLOWER

2088. (*Passiflora Caerulea*) Magnificent 4-inch flowers, pink with crown of purple and white. Emblematic of the Crucifixion. Plant is vigorous growing, tendril climbing vine. Blooms from early summer to late fall. Grows 10 to 20 ft. tall. Not hardy in northern sections; can be potted for indoor culture over winter. Delicately fragrant; will bloom indoors, too. **95c each; 2 for \$1.75; 4 for \$2.95, postpaid.**

EVERBLOOMING**

Hybrid Tea Roses

Hardy CLIMBING ROSES

BLAZE. 1702. (Everblooming) Double, well-shaped, blazing-red flowers in large clusters. Blooms in great quantities all through long-blooming season. Makes a brilliant display of color. Very hardy and reliable. **\$1.50 each; 3 for \$3.95, postpaid.**

CLIMBING POINSETTIA. 1706. Strong grower; blooms freely all season producing a shower of brilliant red blooms. The color is the glowing red of the Christmas poinsettia. **\$1.50 each; 3 for \$3.95, postpaid.**

CLIMBING TALISMAN. 1712. (Everblooming) Rich orange-yellow buds open into large blooms of salmon-orange shaded with red and gold. Very fragrant. Vigorous. **\$1.50 each; 3 for \$3.95, postpaid.**

CONDESA DE SASTAGO. 1628. Beautiful bi-color. Petals are deep golden yellow outside, rich copper-rose inside. Large, fragrant blooms.

CRIMSON GLORY. 1606. Deep, vivid crimson touched with oxblood red and mellowed by a soft velvety nap.

ECLIPSE. 1608. Best all-purpose yellow Rose. Tapering buds open to golden-yellow, 4-inch flowers. In bloom continuously all season.

ENA HARKNESS. 1609. Gorgeous crimson-scarlet. Beautiful buds and full blooms make it outstanding in the garden and for cutting.

GOOD NEWS 1610. Lovely two-tone variety. Blooms have a coppery center and delicate, shell-pink outer edge.

K. A. VICTORIA. 1632. Snow white buds open to magnificent high-centered double blooms of ivory-white.

MCGREDY SCARLET. 1602. Shapely buds open to fully double, high-centered blooms, orange at base of petals shading to velvety scarlet.

PINK DAWN. 1624. Beautifully formed blooms of pink touched with salmon-rose at base. Sweet fragrance. Large, double, high-centered flowers.

POINSETTIA. 1636. A true poinsettia-red of velvety texture and non-fading color. Blooms freely all season.

SISTER THERESE. 1634. Tapered, chrome-yellow buds and large daffodil-yellow blooms on splendid stems; petals have delicate carmine veining. Fragrant.

2-Yr. No. 1 Plants

\$1.35 each; 2 for \$2.60; 4 for \$4.95, postpaid.

Everblooming MINIATURE FAIRY ROSES

Grow Them Indoors This Winter

Lovely buds, bloom and foliage. Hardy as other Roses. Bloom from spring to fall. Also recommended for indoor house plants. Give them same care as African Violets.

POMPON de PARIS. 1725. Beautiful, double, bright pink flowers. Compact plants. Very free flowering.

BABY GOLD STAR. 1722. (Pat. No. 407) Golden yellow all through. The only true yellow Miniature.

OAKINGTON RUBY. 1723. Deep crimson buds open to double bloom of rich ruby-crimson.

RED IMP. 1729. (Pat. No. 1032) Rich crimson; non-fading.

PIXIE. 1726. (Pat No. 408) Pure white with blush-pink center. Very double — 40 or more tiny petals on each tiny bloom!

LILAC TIME. 1721. Exquisite tiny buds open a soft lilac-pink, changing to silvery wine-rose as blooms unfold.

EVERGREENS

LANDSCAPING FAVORITES — FOR LASTING BEAUTY

All Evergreens on This page Are Field Grown Transplants.

Blue Spruce

COLORADO BLUE SPRUCE. 1020. One of the most highly prized evergreens. Foliage color ranges from deep green to silvery blue-green, depending upon the season. Symmetrical in growth; tall, pyramidal form. Grown from select Blue Spruce seed, but trees do not show blue to any extent until 2 to 3 feet tall. Widely used in landscaping for single specimens, hedges and corner plantings.

Postpaid	Each	2	4
12-15 in.	\$2.95	\$5.75	\$10.95
10-12 in.	1.95	3.75	6.95

PYRAMIDAL ARBOR-VITAE. 1040. A favorite for entrances. Narrow shapely pyramidal form. Dark green foliage arranged in fan-like, lacy sprays. One of our leading evergreens. Grows rapidly and is easily trimmed. Does best in full sun.

Postpaid	Each	2	4
18-24 in.	\$3.25	\$6.25	\$11.95
12-18 in.	2.25	4.25	7.95

GLOBE ARBOR-VITAE. 1030. Naturally globe-shaped, shrubby type with broad fan-shaped leaflets. Handsome shades of green. Grows 3 feet tall; light pruning keeps it shapely. These beautiful dwarf globe forms are widely used as entrance markers and for borders and corner plantings.

Postpaid	Each	2	4
9-12 in.	\$2.25	\$4.25	\$7.95

UPRIGHT YEW. 1042. (Hicksi). Beautiful evergreen of medium height and upright, columnar form. Compact, rich green foliage becomes quite dense when sheared lightly as the tree grows. Has bright red berries in the fall. Valuable in foundation plantings; also an excellent hedge plant.

Postpaid	Each	2	4
12-15 in.	\$2.95	\$5.75	\$10.95
10-12 in.	1.95	3.75	7.25

SPREADING YEW. 1044. (Taxus Cuspidata) Branches out from the bottom into a low, bushy form. Fine dark green foliage. Can be trimmed to desired height and size, or sheared for a low hedge. Mature specimens bear bright red berries.

Postpaid	Each	2	4
12-15 in.	\$2.95	\$5.75	\$10.95
10-12 in.	1.95	3.75	7.25

PFITZER JUNIPER. 1012. Desirable in foundation plantings for use beneath windows and in front of taller evergreens. The beautiful, blue-green foliage is attractive the year around. Will spread 6 to 8 feet if left untrimmed. Withstands considerable shade.

Postpaid	Each	2	4
12-15 in.	\$2.95	\$5.75	\$10.95
10-12 in.	1.95	3.75	7.25

BLUE PFITZER JUNIPER. 1004. Used extensively in foundation plantings where the attractive blue foliage is desirable for contrast. Low, spreading growth makes it ideal for planting under windows, corner groups and lawn specimens. Rapid growing and hardy.

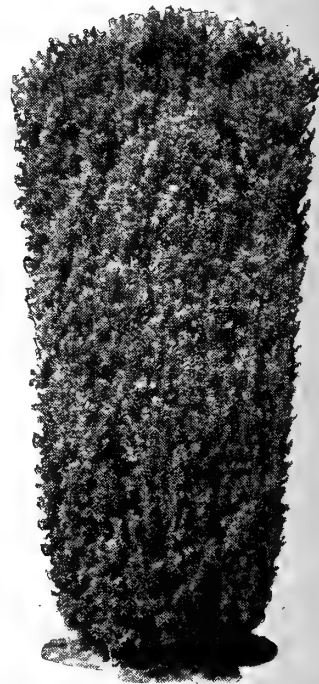

Postpaid	Each	2	4
12-15 in.	\$2.95	\$5.75	\$10.95
10-12 in.	1.95	3.75	7.25

ANDORRA JUNIPER. 1002. A prostrate creeping type, valuable where height is a controlling factor. Makes an effective ground cover. Feathery foliage is silver-green in spring and summer, turning a beautiful mauve-pink at the first touch of frost.

Postpaid	Each	2	4
12-15 in.	\$2.95	\$5.75	\$10.95

BABY EVERGREENS

BUY NOW AT MONEY-SAVING PRICES

Grow them in your garden for 2 or 3 years before transplanting to permanent landscape location. In a few years they will be worth many times what you paid for them. Save money by planting these sturdy evergreens now and have landscaping size trees in a few years.

PYRAMIDAL ARBOR-VITAE. 1040. Narrow, shapely, pyramidal form with green, fanlike foliage. Stands full sun.

GLOBE ARBOR-VITAE. 1030. Globular evergreen. Broad fan shaped leaves.

SAVIN JUNIPER. 1014. Spreading type Juniper. Dense dark green foliage.

PFITZER JUNIPER. 1012. The favorite in low growing spreading evergreens. Feathery green foliage is very attractive.

FASTIGIATA JUNIPER. 1010. Tall, slender evergreen with silvery green foliage. A hardy and vigorous grower.

MUGHO PINE. 1050. Dwarf pin-cushion pine with tufts of dark green needles.

SPREADING YEW. 1044. Branches out from the bottom into a low-bush formation. Fine, glossy dark green foliage. Mature plants bear bright red berries.

UPRIGHT YEW. 1046. The pyramidal type. Excellent for shade. Rich glossy green foliage remains attractive throughout the year.

HICKSI YEW. 1042. Beautiful shrub-like evergreen of medium height, columnar in form, dense green foliage. Red berries in fall and winter.

DECORATIVE VINES

**Transform Unsightly
Areas Into Points
of Lasting Beauty
With Colorful Vines**

Goldflame Honeysuckle

SILVER LACE VINE. 1520. Beautiful, fast growing vine. Myriads of dainty, snow-white blossoms cover the vine all summer. Grows 15 to 20 feet the first year; clings to any support. Prefers a sunny location. Foliage is perfectly clean; insects do not bother it. 2-yr. Select Vines, \$1.10 each; 2 for \$2.10; 4 for \$3.95, postpaid.

GOLDFLAME HONEYSUCKLE. 1516. Large flower cluster with curved petals of brilliant rose-red outside and golden-yellow inside are borne throughout the summer. Fragrant. Hardy. 2-yr. field-grown plants, \$1.00 each; 2 for \$1.95; 4 for \$3.75, postpaid.

EVERGREEN BITTERSWEET (Euonymus Vegetus.) 1514. A strong growing variety, producing large leaves and bright orange-red berries. Will grow 25 to 30 feet high. Berries remain on the plant most of the winter. 2-yr. field grown plants, \$1.45 each; 2 for \$2.75; 4 for \$4.95, postpaid.

BOSTON IVY (Ampelopsis Veitchii.) 1510. Clings tenaciously to any surface. Once established, it grows rapidly and thrives in sun or shade. Glossy 3-lobed green leaves turn scarlet in fall. 2-yr. select vines, \$1.10 each; 2 for \$2.10; 4 for \$3.95, postpaid.

EVERGREEN GROUND COVERS

PACHYSANDRA TERMINALIS. 1528. Beautiful waxy green leaves that stay green all winter. Set 1 to 2 feet apart, plants quickly spread, covering a wide area. 2-yr. plants.

VINCA MINOR — MYRTLE. 1526. Attractive, glossy green leaves and lovely violet-blue flowers make a very showy and effective ground cover. Grows in any shaded area.

CHINESE CHESTNUT

Mammoth Size — Blight Resistant

908. Wonderful new strain. Proven highly blight resistant in this country. Hardy, prolific bearers. Fine flavored, sweet nuts, larger than American variety. Trees grow about the size of an apple tree; very decorative as a lawn tree. Provide good shade. Long-lived, young-bearing. Plant two or more trees for best results.

	Each	2	4
3-4 ft. trees	\$3.25	\$6.25	\$11.95
2-3 ft. trees	2.50	4.75	8.95

AMERICAN FILBERT

906. Roundish nut with thin, tender shell. Kernels are round, sweet and flavorful. Grows 6 to 8 feet tall. A young-bearing dependable variety. Yields a big crop of quality nuts every year. For best results plant two or more trees.

	Each	2	4
2-3 ft. trees.....	\$2.25	\$4.25	\$7.95
1½-2 ft. trees.....	1.65	2.95	4.95

American Filbert

Chinese Chestnut

Paper-Shell **ENGLISH WALNUT**

910. This hardy strain of English Walnut grows rapidly and starts to bear at a young age. Nuts are large, thin-shelled and well filled with full-meated kernels, of extra delicious flavor. The trees are ornamental, very hardy and heavy, dependable bearers. Provide abundant, profitable crops year after year. Plant 2 or more for best results.

	Each	2
3-4 ft. trees	\$4.50	\$8.75

HARDY Thin-Shelled PECANS

912. This is the rapid-growing, young-bearing variety which can be grown successfully in Northern climates. The nuts are very large and thin-shelled with large, flavorful nutmeats; much in demand for baking, confections and eating fresh. The tree is long-lived, strong growing and a dependable, prolific bearer; makes a very profitable crop for commercial growers. Plant Emlong's Hardy Pecans now — reap big returns in natural beauty, shade and nutritious food for years to come.

2-3 ft. trees.....	2.45	4.75	8.75

Hardy Pecan Tree

Hardy HEDGES

THIS FALL . . . PLANT EMLONG'S

← HARDY PRIVET (Amoor River North)

1110. Easiest to grow of all Privets. Very hardy and will thrive where other plants fail. Makes an attractive hedge in all seasons with its glossy green leaves and clusters of white flowers, followed by berries. Trim to desired height and shape any time during summer. Leave untrimmed for foundation and screen plantings. Set bushes 9 to 12 inches apart. For a wider hedge, plant 2 rows, alternating the plants. Well branched, well rooted bushes.

ROSA MULTIFLORA – A Living Fence →

1112. Now you can have a natural living fence that will last for years, without expensive upkeep. *Rosa Multiflora* is the amazing new hedge material that garden and farm magazines have written so much about recently. The plants are very hardy; grow rapidly, and in just a few years will make a hedge dense enough to keep all types of animals in their place.

Eliminate expensive repair bills and maintenance costs by planting *Rosa Multiflora* wherever a fence is needed. Easy to grow; thrives under most soils and conditions of weather. Requires no training, pruning or clipping. Grows to a height of 8 feet, blooms each year. Plants should be set 12 in. apart.

2-3 ft. trees.....	2.50	5.50	9.50	17.50

(3) Pink Tartarian HONEYSUCKLE

1106. No hardier plant can be found than Honeysuckle. Grows to a height of 8 to 10 feet with upright, somewhat spreading branches. Foliage is bright green. Flowers are borne freely in May and June and are sweetly fragrant. Grows rapidly, in sun or partial shade. Makes a fine, dense hedge for privacy or for screening unsightly areas or buildings. Plant 18 to 24 inches apart. **Select hedging grade, 12-15 in. plants, 10 for \$2.95; 25 for \$6.45; 50 for \$12.25; 100 for \$21.95.**

CHINESE ELM HEDGE

1108. A very popular hedging plant, especially valuable where rapid growth is important. Extremely hardy and drought-resistant; thrives everywhere. In just a few years after planting, you will have a compact, dense screening hedge. May be trimmed to any desired height; trim the same as Privet or other hedges. Plant 12 inches apart. **18-24 in. plants, 10 for \$1.95; 25 for \$3.95; 50 for \$6.95; 100 for \$12.95.**

Plant *Iris* This Fall

Spring Blooming IRIS

We have made a selection of the finest Bearded Iris to assist our customers in buying Iris that are really outstanding. If we could illustrate them in color, you would be thrilled by their beauty. They are truly remarkable. We know you will be delighted with them.

BLUE SHIMMER. 2502. Extremely large blooms of crisp enamel white on which the clearest tone of blue is peppered.

OLA KALA. 2507. Brilliant orange-yellow; heavily ruffled.

ORANGE MAN. 2503. A uniquely beautiful Iris of luscious apricot-orange. Habit of stem, stalk and flower is outstanding.

PINK CAMEO. 2504. Delicate cameo-pink with a startling tangerine beard. Flower is good size. Grows 3 feet tall.

RED BONNET. 2505. Glowing copper red with chestnut-like highlight. Extremely beautiful and a fine performer.

SABLE. 2509. Almost perfectly black, with harmonizing blue beard. A truly great Iris; large, tall, good substance and sheen.

SOLID MAHOGANY. 2506. Rich mahogany-red blooms of good substance; one of the darkest reds. Finely formed; heavily textured.

WHITE ALONE 2508. Immense blooms of glossy milk-white.

BLEEDING HEART

2201. The remarkable new hybrid "Bountiful". (Plant Pat. 1198) Blooms in May, producing as many as 30 to 40 flower stems on a 2-year established plant. Lovely fuchsia-red flowers on stalks 18-20 inches tall. Blue-green foliage forms a large clump. Blooms some in summer, then freely again in autumn. **\$1.25 each; 3 for \$3.35; 6 for \$6.25, postpaid.**

Spectacular Hardy ▶ PINK VERBENA

2094. Blooms continuously from early June until late fall. The brilliant pink flowers are produced in large flat clusters. One of the most beautiful and satisfactory of all flowers for massing in borders, rock gardens and for covering banks due to its long blooming period. No need to replant each year — Hardy Verbena comes up year after year. **Field-Grown Plants, 75c each; 3 for \$1.95, postpaid.**

Faassen's Red Leaf Maple

Cut Leaf Weeping Birch

• 18 • **Weeping Willow**

TULIP TREE

1236. (*Tulipifera*) One of our grandest native trees. Grows into a symmetrical, pyramidal tree about 70 ft. high at maturity. Succeeds in either North or Southern zones. Has broad, glossy fiddle-shaped leaves of a clean, bluish-gray shade. Foliage changes to bright yellow in fall. Orange-yellow Tulip-like flowers in May and June; cone-shaped fruits. A sturdy, rapid growing tree.

FAASSEN'S Red Leaf MAPLE

1210. A very distinctive tree that will add striking contrast to your other shade trees. The foliage is deep red when it first appears, becoming much darker as the season progresses, until it is almost blackish-red. The trees are hardy, compact growing and symmetrical. Plant one or more of these outstanding trees for refreshing shade and long-lasting, colorful beauty.

Silver Queen HYBRID MAPLE

- SEEDLESS
- FAST GROWING
- VERY HARDY
- GROWS ANYWHERE

1238. We are particularly pleased to offer this sensational new Hybrid Silver Maple to our customers, because its many superior qualities meet the needs of present-day home owners. It is an ideal tree for landscaping new homes, or for replacing old, diseased trees. Grows rapidly and develops into a beautiful specimen that will provide ample shade within just a few years after planting.

As you know, the common Silver Maple has been an excellent fast-growing shade tree for many years; its only fault was the production and shedding of seed pods that were such a nuisance. Consequently, Mr. Henry Kleine of Newport, Michigan, hybridized a Maple for us that has developed into a wonderful fast-growing, seedless tree.

The Silver Queen Maple is drought-resistant; hardy and adaptable to a wide range of soils. It is a beautiful shade tree with interesting cut leaf type foliage and is pyramidal in growth habit. The rapid growth of this tree is the answer to a long-felt need of many of our customers who want shade for their homes in a short time. To many, the cost of planting a large shade tree would be prohibitive. With Silver Queen Maple, there is no need to wait years for shade—you get lots of shade in a short time, at a reasonable price. The supply is limited—order early.

Stately New Thornless LOCUST TREES

MORaine LOCUST - Sensational Fast Growing Shade Tree

1220. (Plant Pat. No. 836) The beautiful, new Moraine Locust is a hardy, drought-resistant tree that grows successfully on a wide range of soils. It withstands the same extremes in temperatures as the common Honey Locust and is as long-lived. It has no unsightly seed pods to clutter the lawn. The tree forms a large, beautifully shaped head. The finely cut foliage allows enough light to filter

through to promote excellent lawn growth, yet is dense enough to discourage crabgrass.

	Each	2	4
6-7 ft. branched trees.....	\$7.50	\$14.50	\$27.00
5-6 ft. branched trees.....	6.00	11.80	21.00

Moraine Locust

SUNBURST LOCUST

1294. (Plant Pat. No. 1313) Be first among your friends to have this newest of shade trees — **New Sunburst Thornless Locust!** So called because the outer 8 to 10 inches of the branch tips are covered with brilliant golden bronze foliage, in contrast to the bright green inner foliage.

It is a symmetrical, broadly pyramidal tree with excellent branching habit. It is more disease resistant than the common Locust. A hardy, long-lived tree that will grow successfully in a wide range of soil and climate conditions.

The Sunburst Locust makes an exceptionally beautiful specimen tree for lawn or garden. It is also a splendid choice for large plantings such as tree lawns, driveways and parks. Its uniform growth and graceful form make it a fine addition to any landscape. Its lacy shade promotes good lawn growth.

FLOWERING SHRUBS

Add Color to Your Landscape

CARDINAL SHRUB

Weigela Vaniceki

1426. Beautiful new variety of Weigela that you will want for your lawn or shrub border, it's so colorful! The bush is literally covered with hundreds of brilliant ruby-red, trumpet-shaped flowers in May and June. Throughout summer and fall there is a showing of bloom. If the flowers are cut off, the bush will bloom even more freely.

This colorful bush makes an excellent border or hedge; also effective as a single specimen or in group plantings. Grows 6 feet tall; compact and shapely; attractive rich green foliage. Easy to grow. Thrives in full sun or partial shade. Requires little pruning as it flowers well from the old wood.

	Each	2	4
2-3 ft.	\$1.95	\$3.65	\$6.95
18-24 in.	1.75	3.25	6.25

Pigmy Red Leaf Barberry

PIGMY RED LEAF BARBERRY

1326. New, low-growing plant that is perfect wherever rich color accents are desirable. Grows 8 to 12 inches tall and 15 to 24 inches in diameter. Foliage is lustrous, bronzy-red and provides sparkling color contrast to evergreen and shrub plantings. May be used effectively along walks and for low borders. The brilliant red color is best when plants are grown in full sun. Be first among your friends to display this grand new variety. Order now for fall planting.

Postpaid	Each	2	4
2-yr. field-grown	\$1.50	\$2.75	\$5.25

BUDDLEIA Summer Lilacs

No other perennial or shrub gives such a lasting, brilliant display of color so soon after planting as the Buddleia. The plants will grow 4 to 5 feet tall and bloom abundantly from midsummer until late fall. They are easy to grow; require little care. Cut off tops each fall; new wood comes up each spring, producing a profusion of lovely blooms.

- 1336. ROYAL RED.** Deep wine-red.
- 1332. DUBONNET.** Glowing Dubonnet-red.
- 1334. ILE DE FRANCE.** Deep purple.
- 1330. PINK CHARMING.** Delicate pink.

ROYAL PURPLE FRINGE

1400. (*Rhus Cotinus*). A new and completely different color never before attained in the Smoke Tree. The foliage is a magnificent deep purple and the feathery plumes, in June and July are a spectacular glistening maroon. The "Royal Purple" foliage remains from early spring until late fall. Hardy, of easy culture.

Postpaid	Each	2
18-24 in.	\$3.50	\$6.75

GOLDEN CHAIN TREE
Laburnum Vossi

1264. Flowers of purest golden-yellow hang in graceful clusters, 12 to 18 inches long; similar in appearance to the Wisteria. Blooms profusely in late spring, transforming the tree into a mass of golden yellow. Grows 15 to 20 feet tall. Smooth, green bark and large, clover-leaf shaped foliage add to its beauty.

	Each	2
6-8 ft.	\$6.95	\$12.95
5-6 ft.	4.95	9.50

ROSE TREE OF CHINA

1284. (*Prunus Triloba*). Very double rose-like flowers blanket every branch so heavily that no wood is visible in early May before the leaves appear. Blooms are bright pink and make an exquisite effect in the garden or lawn. Hardy; compact, upright growing with handsome bright green foliage. Mature height about 8 feet. A lovely, old-fashioned shrub-like tree that should be included in every garden.

	Each	2	4
3-4 ft.	\$2.75	\$5.25	\$9.95
2-3 ft.	2.25	4.25	8.25

◀ **COTONEASTER
DIVARICATA**

1344. A showy ornamental shrub that is rapidly growing in popularity. Of medium height and spreading habit. Gracefully drooping branches bear clusters of small pink flowers in June. Foliage is small and round, highly polished dark green. Small, brilliant red berries in fall add to its beauty. Autumn foliage is bright red.

Cotoneaster is unequalled for border planting and as a hedge. Will thrive in full sun or shade. Succeeds in a variety of soils. Requires little maintenance. Creates a splendid effect.

Postpaid	Each	2	4

12-18 in.	1.25	2.40	4.65

SUNBURST SHRUB

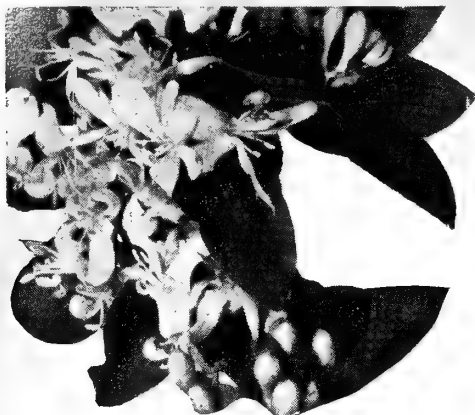

1378. (*Hypericum Hidcote*). From a famous estate in England comes this new variety of Hypericum. The bright golden-yellow flowers, 2 to 3 inches in diameter, are produced in profusion in early summer and continue until mid-October. The plant grows into a twiggy shrub about 2 feet tall and almost 2 feet across. It has dense, leathery, green foliage. In cold climates the plant dies down to the ground in winter, but sends up new growth each spring, bringing forth masses of beautiful, fragrant flowers. A grand shrub for the flower border, a picture window planter, or in front of tall shrubs and evergreens. An easy to grow, hardy plant. 2 yr. Field-Grown Plants, \$2.15 each; 2 for \$4.10; 4 for \$7.75, postpaid.

Colorful
TREE HYDRANGEA

1296. The finest and choicest of all trees offered. The small tree, not exceeding 8 to 10 feet at maturity, has large panicles of flowers which are white when first appearing in early summer, changing to shades of pink and bronze as the season progresses. They are hardy, long-lived and disease resistant. Grow well in any climate. Need very little care. A most handsome tree for ornamental planting, as a specimen, or in the foreground of high massed shrubs. The sparkle and beauty of the Tree Hydrangea in bloom is beyond description. For charming winter bouquets, cut and dry the flowers in fall.

RED ZABELI HONEYSUCKLE. 1424. The beautiful and brilliantly colored red Honeysuckle—the reddest flowers of any bush Honeysuckle! In May, the bush is transformed into a red mound by thousands of red flowers which cover it from top to bottom. An abundance of bright red berries appear after the blooming period. A tall-growing, compact shrub; excellent for background of border or screening purposes. Just the bush you have been looking for!

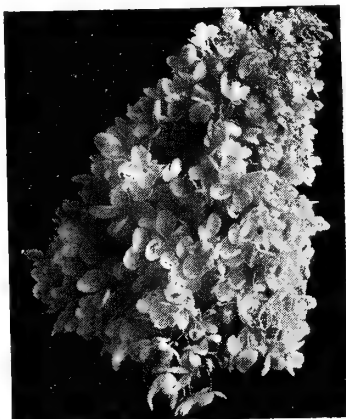

SNOWFLAKE MOCK ORANGE. 1420. New Fragrant Double Mock Orange. Lovely double flowers of pure white and sweetly fragrant, are borne in large clusters. Blooms freely in June and July and occasionally thereafter. Grows 6 to 10 feet tall; good upright habit. Has bright green foliage which is attractive all season. Combine with other shrubs in foundation planting; also makes a beautiful hedge or screen. Grows in sun or semi-shade.

Mock Orange

HYDRANGEA A. G. 1370. An upright shrub, growing 3 to 4 feet tall, with large, heart-shaped leaves. Huge flower-heads of pure white are borne in early summer, lasting until fall. Bright green foliage remains attractive throughout the season. Does well in sun or shade. Ideal for foundation and border planting. Perfectly hardy.

HYDRANGEA P. G. 1372. One of the showiest shrubs in cultivation. Immense cone-shaped blooms of white appear in early summer, turning to shades of pink and bronze as the season progresses. Grows 4 to 6 feet tall. Blooms from mid-summer until frost. Hardy everywhere. Does equally well in sun or shade. Long-lasting flowers are fine for cutting.

FRENCH PUSSY WILLOW. 1422. This is the large, cultivated French variety which bears large, fuzzy grey catkins with a pinkish cast. A welcome sight in early spring! Tall growing and hardy everywhere. Has attractive, long narrow, green leaves. A beautiful shrub in summer; for lawn specimen, tall screen or border.

TAMARIX RUBRA. 1416. Deep pink flower spikes, 12 to 18 inches long, and delicate green foliage produce a charming, lacy effect. Blooms all summer. Flowers and foliage are lovely for cutting. Grows 8 to 10 feet tall. Ideal for screen or background. Thrives in sun or partial shade, and in any ordinary garden soil.

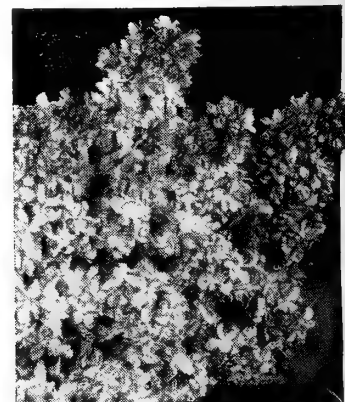

CALYCANTHUS. 1340. Commonly called Sweet Shrub or Strawberry Shrub. The handsome, bronze-chocolate flowers are produced in June and are most entrancing because of their spicy fragrance. Odd looking pods develop later and are filled with brown, aromatic seeds. Its clean, glossy, corrugated foliage is attractive and different. • 22 •

FORSYTHIA, Spring Glory. 1360. A spectacular new Forsythia that bears large, pale yellow flowers, completely covering the branches in early spring before the leaves appear. Canes grow erect with gracefully drooping tips. Glossy green foliage remains bright all season. Grows 5-6 feet tall. Hardy everywhere; grows in all soils.

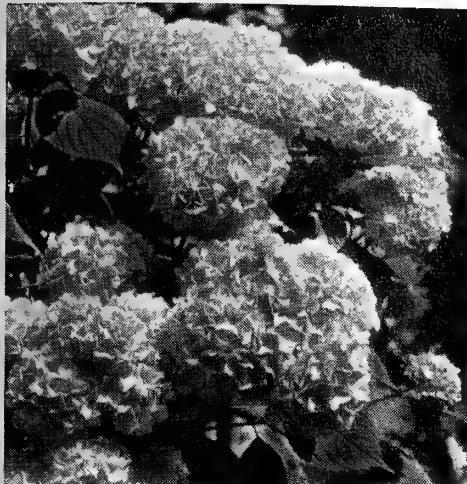

SCARLET FLOWERING QUINCE. 1396. Loads of bright scarlet-red flowers cover the branches in early spring. Foliage is green tinged maroon. Grows 3 to 5 feet tall; makes an attractive dense hedge, or may be used as specimen plants and in groups. It is one of the earliest shrubs to bloom. Hardy; easy to grow.

PERSIAN LILAC. 1390. A dwarf variety with slender, gracefully arching branches tipped with large loose clusters of fragrant, purple flowers. A more profuse bloomer than the common variety. Can be used to advantage in groups, masses or in foreground of taller growing shrubs. Their beauty and sweet fragrance are famous everywhere.

FLOWERING CRABS

ALMEY CRAB. 1256.

Branches are compactly covered with dollar-size, fiery red blooms, making a spectacular show in early spring. Small scarlet fruits ripen in fall; cling to the branches long after leaves have fallen. Grows 12 to 15 feet tall. Hardy, rapid growing, graceful and distinctive. Have this sensational tree for your landscape. **Prices Below.**

HOPA CRAB. 1258.

Bright red buds and fragrant pink flowers make a sumptuous display in early spring. Small red apples borne in midsummer are highly prized for jelly making. Attractive maroon-colored foliage is another asset of this popular, low growing tree. Fine for both small and large gardens. Can be grown in the shrub border or among flowers. **Prices Below.**

STRATHMORE CRAB. 1259.

Splendid new type of Flowering Crab, distinguished by its stately, pyramidal form. Myriad rose-pink blossoms appear in early spring. The leaves are reddish all summer, turn brilliant scarlet in autumn. Grows 10 to 15 feet tall; form is similar to Lombardy Poplar. Can be planted 3 to 5 feet apart for screening or a windbreak. Fine for lawn specimens or groups. **Prices Below.**

EVELYN CRAB. 1255. Gorgeously colorful purple-leaved Crab that will ornament your yard from early spring until late fall. Cerise-red blossoms cover the tree in spring, followed by deep red crabapples. Shapely upright growth; medium size. Very hardy.

RED SILVER CRAB. 1257. Distinctly colorful from top to bottom — red foliage, bark and flowers! Leaves are a unique combination of maroon-red on top, silver beneath. Artistic branching habit. Marvelous new lawn tree.

TANNER CRAB. 1260. One of the best White Flowering Crabs. Masses of shimmering snow-white blossoms shroud the tree in spring. Bears small red fruits which cling to branches late in fall. Medium size, 10-12 ft. tall.

DWARF APPLE TREES

Dwarf Apple Trees are in great demand by the grower with limited space. The small trees grow about 12 to 15 feet tall at maturity and do not spread more than 12 to 15 feet. Although the trees are dwarf in size, they will bear the same size fruit as the standard trees. They often start bearing the second year after planting. Mouth-watering fruit is produced in abundance and is easily picked. A dwarf apple tree is a beautiful addition to your landscape as an ornamental. Plant several varieties of different ripening dates and have an ample supply of apples all season long. Don't delay, plant now!

Important: Plant with bud union 2 to 3 inches above surface of the ground.

Varieties: 614, Solid Red Delicious; 616, Bright Red Jonathan; 620, Red McIntosh; 618, Yellow Delicious.

	Each	2	4

Emlong's **BRILLIANT** Everbearing Strawberry

EXCELS IN GROWING, BEARING AND TASTE TEMPTING FEATURES

210. For **BIG YIELD** and **PERFECT BERRIES** of matchless quality and flavor, Brilliant Everbearer is unsurpassed. In tests with other everbearing varieties, Brilliant achieved the amazing production record of 7000 quarts per acre — 2000 more than any other variety tested.

It is the only everbearer that keeps fruiting all summer and fall; a 100% perfect pollinizer that matures every berry to full size, perfect shape and even color. The plants are so thrifty and vigorous, you'll pick perfect berries in just a few weeks after plants are set out.

The berries are brilliant red clear through; firm, juicy and with rich, tangy flavor. Perfect for freezing and every purpose. Don't fail to plant Brilliant this fall.

Emlong's RASPBERRY PLANTS

Black Hawk

Black Raspberry

Large Delicious Berries

701. Originated by Iowa State College and introduced in 1955. In tests New Black Hawk outyielded all other varieties, producing as many as 5000 pints per acre. The big, 3/4-inch berries are sweet, juicy and rich flavored. Ripen about the first week in July. Plants are strong, healthy and vigorous.

NEW DAWN BLACK RASPBERRY

703. Earliest variety to ripen. A fine new early Black Raspberry that produces a tremendous early crop. Therefore, highly recommended for commercial growers as an excellent money-maker for first-of-the-season berry market. Berries are juicy, sweet and rich in flavor. Very vigorous grower. Hardy and disease resistant. Order early. Supply limited.

Tasty RUBY RED RHUBARB

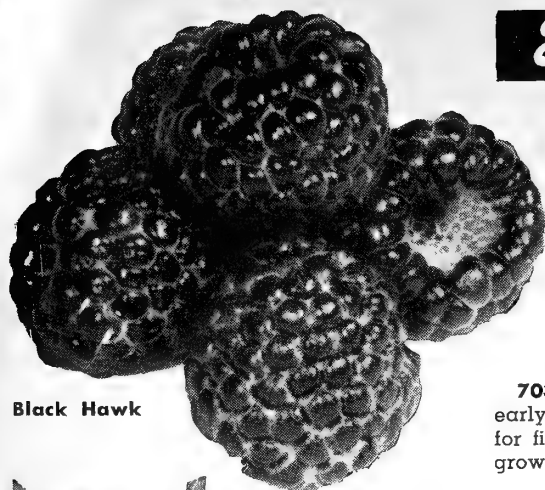

856. Large, plump stalks of the sweetest Rhubarb you have ever tasted. The color is intensely red right through to the center. Unequalled for pies and sauce; the stalks are tender and never stringy. The plants are hardy and easy to grow anywhere; quickly form a large clump. Three mature plants will supply the average family for year-round use. A delicious, nutritious early spring fruit — plant now. 95c each; 3 for \$2.75; 6 for \$4.75.

EMLONG'S ASPARAGUS

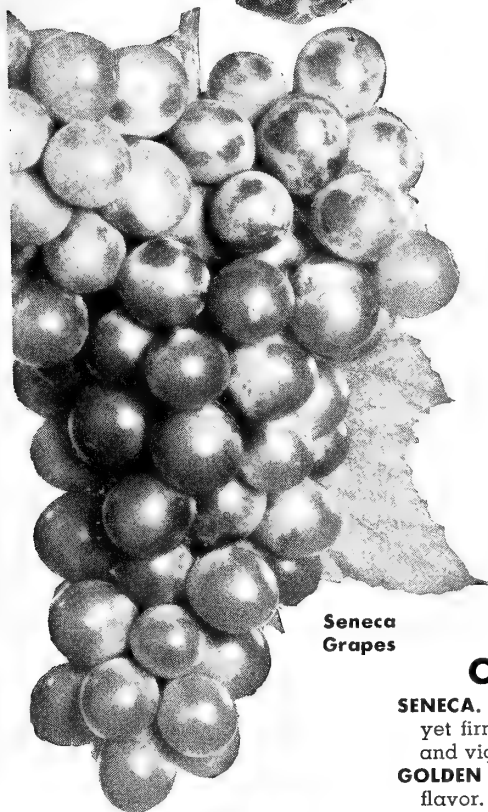

PARADISE. 852. The new giant strain of Asparagus from California. Makes long, thick, very tender stalks. Grows quickly. Said to bear usable tips a year sooner than other kinds. Paradise retains its color when canned or frozen. Very profitable and dependable for home or market.

WASHINGTON. 854. This has long been the leading commercial Asparagus. Produces large, tender, green tips. In great demand for shipping, canning and freezing.

GIANT MULTI-PURPOSE BLUEBERRIES

Useful as hedges; foundation plantings. Beautiful blossoms; delicious fruit all summer long.

Giant, dark Blueberries covered with attractive bloom. Each bush is a fruit garden in itself. Berries are mild and sweet. Fruit ripens over a long season and keeps well on bushes and after picked. The bushes are lovely in the spring with their huge clusters of Lily-of-the-Valley flowers. Leaves are stiff, waxy green turning red in the autumn. Free from disease. If your soil is not acid, use peat moss or sulphur fertilizer when planting.

RED RASPBERRIES

LATHAM — Leading Commercial Variety

712. Considered one of the best money-making varieties. Attractive deep red berries, uniformly round and unusually large; they often measure one inch in diameter. Deliciously flavored and aromatic. Latham berries are top quality and always in demand for fresh desserts, canning and freezing. They bring highest prices on the fruit market.

Plants are hardy, thrifty growers and bear enormous crops. Berries ripen evenly over a long season. Sometimes surprise you with extra berries in the fall on the new growth. If you are interested in increasing your berry profits, plant Latham this fall.

APPLE TREES

Emlong's Apple Trees will not only give you pleasant shade and lovely blossoms in spring, but a crop of large, delicious Apples too. Our trees are long-lived, quick-fruiting trees of highest quality producing an abundance of fruit. All trees are branched, well-rooted and will soon start bearing. Emlong's offer a selection of varieties that will provide fruit from early summer until late fall.

SOLID RED DELICIOUS. 306. King of the winter Apples! Richly flavored, large, fragrant, solid red fruits. Outsells all others from coast to coast.

BRIGHT RED JONATHAN. 314. The favorite large beautiful red Jonathan so popular with commercial growers. Flavor makes this Apple unequalled for eating fresh and cooking. Very productive.

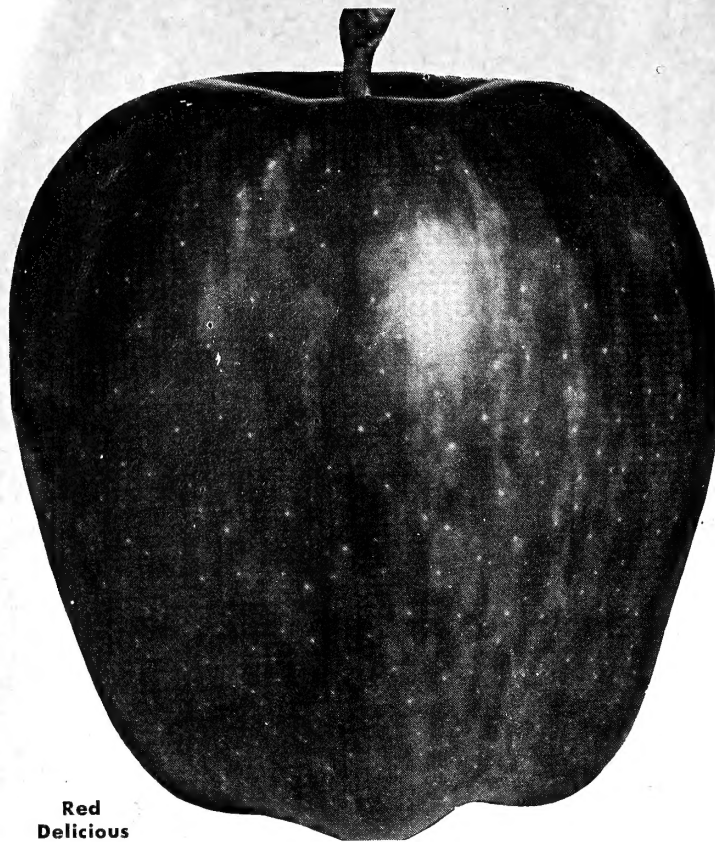

RED MCINTOSH. 316. Emlong's large fruiting strain of McIntosh is a winner for flavor and quality. Large, red fruits with white flesh. Highly aromatic. Ripens in fall and a good seller.

YELLOW DELICIOUS. 308. Queen of late fall eating apples. Mild, juicy, sweet, crisp, white flesh has a flavor all its own. Thin waxy-yellow skin. Our trees bear young and abundantly.

YELLOW TRANSPARENT (Lodi Improved Strain.) 324. Big crops of tasty Apples for pies and cooking during summer. Hardy, thrives in all soils and bears quickly.

FENTON RED. 326. New, early all red Apple. Ripens two weeks before McIntosh. Delicious, juicy, white flesh tinged with red. Excellent keeping quality. All-purpose variety. Young-bearing.

MONTMORENCY

World's Finest Pie Cherry

402. Regardless of where you live, MONTMORENCY is the only profitable Sour Cherry to grow. Bright red, big, round, juicy fruit. Deliciously sub-acid; good to eat fresh or canned. Makes wonderful pies and cider. Preferred by canners to all other sour varieties. Remarkable keeping quality. Ripens mid-summer to late. Trees are self-pollinating; always yield enormous crops. The leading Sour Cherry for commercial growers and home gardeners.

Our trees are certified by the Mich. State Dept. of Agriculture to be propagated from virus disease-free budwood. We are headquarters for the finest Montmorency trees in the world. Orchardists from all the big fruit belts come to our nursery for their trees. We know our healthy, young-bearing strain of Montmorency trees will please you as they have others. You can profit by planting Montmorency this fall.

FLOWERING DOGWOOD

RED FLOWERING CHEROKEE CHIEF

1265. A sensational new Red Flowering Dogwood. Beautiful rose-red blossoms cover the tree in early spring, followed by attractive dark green foliage which changes to gorgeous reds in the fall. Bears clusters of bright red fruit in September and October.

The spreading branches grow horizontally and slightly upward from the trunk. Grows 10 to 15 ft. tall. This variety makes a beautiful lawn specimen and is equally effective in border planting. Combine red flowering with white flowering to make a lovely grouping. Dogwood thrives in any fertile soil; prefers a shaded location.

PINK FLOWERING

1266. Cornus Florida Rubra. This charming tree possesses a large measure of beauty throughout the year. In full bloom, it is a magnificent sight, with showy pink blossoms in early spring followed by rich, dark green foliage. In fall, the foliage changes to gorgeous red tones. Grows 10 to 15 feet tall. For lawn, shrub border and along driveways.

	Each	2	4
3-4 ft. trees.....	\$4.95	\$9.50	\$17.95

CRIMSON KING MAPLE

Truly a King of the Ornamental Trees

(Plant Pat. No. 735) **1208.** Truly the best Red Maple grown. In the spring, the foliage is a rich deep purple red which is carried through the entire season. Unquestionably, Crimson King is a superb tree for single specimens, along streets, driveways, and every landscape purpose; providing striking contrast among other trees. Fine for city planting, not harmed by smoke, gasses, dust. Sport of the well-known Norway Maple. Habits and growth similar to Norway. Crimson King is hardy and reaches a height of 50 feet at maturity.
